Style Guide	Circle One	Comments
Is the style guide clear?	Yes No	
Is the style guide useful to producing the program framework?	Yes No	
Will the style guide assist in reducing redundancy during development?	Yes No	
Will the style guide assist in reducing inefficiencies during development?	Yes No	
Does the style guide provide all the relevant elements for developing the program?	Yes No	
Would you add or delete any elements in the style guide? What? Why?	Yes No	

Navigation Maps	Circle One	Comments
Is the course navigation clear and concise?	Yes No	
Does the navigation flow in a logical sequence?	Yes No	
Is the navigation easy to follow?	Yes No	
Is the navigation map organized in modules, units, lessons, and topics?	Yes No	
Are topics for instruction in alignment with main subject categories?	Yes No	
Does the navigation give a good overview of the interactive sequence of the course?	Yes No	
Are the navigation map useful instruments for developing the program?	Yes No	

Splash Screen	Circle One	Comments
Is the document easy to understand?	Yes No	
Are all the necessary design elements included?	Yes No	
Is the document well organized?	Yes No	
What would you add or change in this document? Why?	Yes No	
Will this document assist in reducing redundancy during development?	Yes No	

(Such as duplication of effort or methods)		
Will this document assist in reducing inefficiencies during development? (Such as rework, functional changes, etc…)	Yes No	
Does this document provide all the relevant elements for developing the program?	Yes No	

Main Menu	Circle One	Comments
